

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
---------------	------------	---------	-------	-------------

## Application

Application Unavailable Message	Application is Available to Users	=	False	
---------------------------------	-----------------------------------	---	-------	--

## Data Import

Data Import Folder	Enable Data Import	=	True	
Data Import Log Retention Days	Enable Data Import	=	True	
Data Import User	Enable Data Import	=	True	
Enable Enrollment Status	Enable Data Import	=	True	
Enable Randomization Status	Enable Data Import	=	True	
Enable Screening Status	Enable Data Import	=	True	
Import Screening Number	Enable Data Import	=	True	

## Document TMF

TMF for Country Documents	Enable Document Trial Master Files	=	True	
TMF for Project Documents	Enable Document Trial Master Files	=	True	
TMF for Site Documents	Enable Document Trial Master Files	=	True	
TMF Unmapped Documents Text	Enable Document Trial Master Files	=	True	

## Enrollment

Enable Screen Number	Enable Screening	=	True	
Enable Screen Number	Enable Subject Detail	=	True	
Enable Screening	Enable Subject Detail	=	True	
Enable Subject Age	Enable Subject Detail	=	True	
Enable Subject Date of Birth	Enable Subject Detail	=	True	
Enable Subject Gender	Enable Subject Detail	=	True	
Enable Subject Gender Unknown	Enable Subject Detail	=	True	
Enable Subject Gender Unknown	Enable Subject Gender	=	True	
Enable Subject Group	Enable Subject Detail	=	True	
Enable Subject Initials	Enable Subject Detail	=	True	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
<b>Enrollment</b>				
Enable Subject Randomization	Enable Subject Detail	=	True	
Enable Subject Randomization Time	Enable Subject Detail	=	True	
Enable Subject Randomization Time	Enable Subject Randomization	=	True	
Enable Unknown Subject Visit Date	Enable Subject Detail	=	True	
Number of Recent Subjects per User	Enable Subject Detail	=	True	
Require Screen Number	Enable Screening	=	True	
Require Screen Number	Enable Subject Detail	=	True	
Screen Number Length (# of digits)	Enable Screening	=	True	
Screen Number Length (# of digits)	Enable Subject Detail	=	True	
Screen Number Prefix	Enable Screening	=	True	
Screen Number Prefix	Enable Subject Detail	=	True	
Subject Number Length (# of digits)	Enable Subject Detail	=	True	
Subject Number Prefix	Enable Subject Detail	=	True	
<b>Finance and Budgets</b>				
Approval Status for Cancelled Visits	Enable Site Budgets	=	True	
Default Budget Template Name	Enable Site Budgets	=	True	
Enable Budget Remapping	Enable Site Budgets	=	True	
Enable Site Pass-Thru Costs	Enable Site Budgets	=	True	
Map Budgets on Site Group	Enable Site Budgets	=	True	
Map Budgets on Subject Gender	Enable Site Budgets	=	True	
Map Budgets on Subject Group	Enable Site Budgets	=	True	
Site Payment Check Number Length	Enable Site Budgets	=	True	
Site Payment Check Number Prefix	Enable Site Budgets	=	True	
Site Payment Holdback Percentage	Enable Site Budgets	=	True	
Site Payment Invoice Number Length	Enable Site Budgets	=	True	
Site Payment Invoice Number Prefix	Enable Site Budgets	=	True	
Site Payment Number Length	Enable Site Budgets	=	True	
Site Payment Number Prefix	Enable Site Budgets	=	True	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
<b>Global Contacts</b>				
Enable Review Status Browse	Enable Review Status	=	True	
Enable Review Status Select	Enable Review Status	=	True	
<b>LDAP (Active Directory)</b>				
Default Project Contacts to LDAP	Enable Active Directory Authentication	=	True	
LDAP Domain Name	Enable Active Directory Authentication	=	True	
LDAP Path	Enable Active Directory Authentication	=	True	
<b>Project</b>				
Maximum Visit Cycles per Subject	Enable Multiple Visit Cycles	=	True	
<b>Project Country</b>				
Country Calendar Holiday View	Enable Country Tab	=	True	
Enable Country Statistics Value Entry	Enable Country Tab	=	True	
<b>Protocol Deviation</b>				
Enable Auto-Generation of Protocol Deviations	Enable Subject Detail	=	True	
Protocol Deviation Class for Out-of-Range Visits	Enable Auto-Generation of Protocol Deviations	=	True	
Protocol Deviation Class for Out-of-Range Visits	Enable Protocol Deviation Class	=	True	
Protocol Deviation Class for Out-of-Range Visits	Enable Subject Detail	=	True	
Protocol Deviation Type for Out-of-Range Visits	Enable Auto-Generation of Protocol Deviations	=	True	
Protocol Deviation Type for Out-of-Range Visits	Enable Subject Detail	=	True	
<b>Security</b>				
Security Log Events	Enable Security Log	=	True	
Security Log Notification Email	Enable SMTP Email	=	True	
Signature Password Enable Reset	Enable Electronic Signature	=	True	
Signature Password Enable Reset	Use Login Password for Electronic Signature	=	False	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
---------------	------------	---------	-------	-------------

## Security

Signature Password Failed Attempts	Enable Electronic Signature	=	True	
Signature Password Failed Attempts	Use Login Password for Electronic Signature	=	False	
Signature Password History Count	Enable Electronic Signature	=	True	
Signature Password History Count	Use Login Password for Electronic Signature	=	False	
Signature Password Maximum Age (days)	Enable Electronic Signature	=	True	
Signature Password Maximum Age (days)	Use Login Password for Electronic Signature	=	False	
Signature Password Maximum Length (characters)	Enable Electronic Signature	=	True	
Signature Password Maximum Length (characters)	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Age (days)	Enable Electronic Signature	=	True	
Signature Password Minimum Age (days)	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Length (characters)	Enable Electronic Signature	=	True	
Signature Password Minimum Length (characters)	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Lowercase Characters	Enable Electronic Signature	=	True	
Signature Password Minimum Lowercase Characters	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Numeric Characters	Enable Electronic Signature	=	True	
Signature Password Minimum Numeric Characters	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Symbol Characters	Enable Electronic Signature	=	True	
Signature Password Minimum Symbol Characters	Use Login Password for Electronic Signature	=	False	
Signature Password Minimum Uppercase Characters	Enable Electronic Signature	=	True	
Signature Password Minimum Uppercase Characters	Use Login Password for Electronic Signature	=	False	
Use Login Password for Electronic Signature	Enable Electronic Signature	=	True	

## Site

Enable Site Startup Number Auto-Assign	Enable Site Startup Numbers	=	True	
Enable Site Startup Number Auto-Assign	Enable Site Startup Status	=	True	
Enable Site Startup Numbers	Enable Site Startup Status	=	True	
Site Startup Number Length	Enable Site Startup Numbers	=	True	
Site Startup Number Length	Enable Site Startup Status	=	True	
Site Startup Number Prefix	Enable Site Startup Numbers	=	True	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
---------------	------------	---------	-------	-------------

## Site

Site Startup Number Prefix	Enable Site Startup Status	=	True	
----------------------------	----------------------------	---	------	--

## Site Documents

Display Collected on Overview and List	Enable Site Documents	=	True	
Display Expiration on Overview and List	Enable Site Documents	=	True	
Display Filed on Overview and List	Enable Site Documents	=	True	
Display Received on Overview and List	Enable Site Documents	=	True	
Display Upload/Link on Overview and List	Enable Site Documents	=	True	
Enable Site Documents Page	Enable Site Documents	=	True	
Site Documents N/A Text	Enable Site Documents	=	True	
Site Documents Pending Text	Enable Site Documents	=	True	

## Site Visit Reports

Enable Auto Review Comment for Template Changes	Enable Integrated Site Visit Reports	=	True	
Enable Electronic Signature on Site Visit Report	Enable Electronic Signature	=	True	
Enable Electronic Signature on Site Visit Report	Enable Integrated Site Visit Reports	=	True	
Enforce All Site Visit Reports as Restricted	Enable Restricted Site Visit Reports	=	True	
Number of Days to Sponsor Approved Report	Enable Site Visit Report Sponsor Approval	=	True	
Site Visit Report Approver Roles	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Approver Signature Text	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Approver Signature Title	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Author Signature Text	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Author Signature Title	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Day Exclusions	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Panel Dependency Message	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Panel Skipped Value	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Reviewer Roles	Enable Integrated Site Visit Reports	=	True	
Site Visit Report Sponsor Roles	Enable Site Visit Report Sponsor Approval	=	True	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
---------------	------------	---------	-------	-------------

## Site Visits

Shared iCalendar Email	Enable iCalendar Integration	=	True	
------------------------	------------------------------	---	------	--

## SMTP Settings

Email BCC Address	Enable SMTP Email	=	True	
Email CC Address	Enable SMTP Email	=	True	
Email Footer Text	Enable SMTP Email	=	True	
Email Security Text	Enable SMTP Email	=	True	
Enable SSL Connection	Enable SMTP Email	=	True	
Require SMTP Authentication	Enable SMTP Email	=	True	
SMTP Domain	Enable SMTP Email	=	True	
SMTP From Address	Enable SMTP Email	=	True	
SMTP Host	Enable SMTP Email	=	True	
SMTP Password	Enable SMTP Email	=	True	
SMTP Password	Require SMTP Authentication	=	True	
SMTP Port	Enable SMTP Email	=	True	
SMTP Username	Enable SMTP Email	=	True	
SMTP Username	Require SMTP Authentication	=	True	

## Subject Consent

Enable Subject Informed Consent Date	Subject Consent Method	=	1	SELECT 1 AS ID, 'Subject Consent Date Field (one per Subject)' AS [NAME] UNION SELECT 2 AS ID, 'Subject Consent Page (multiple per Subject)'
Enable Subject Informed Consent Time	Enable Subject Informed Consent Date	=	True	
Subject Consent Document Type	Subject Consent Method	=	2	SELECT 1 AS ID, 'Subject Consent Date Field (one per Subject)' AS [NAME] UNION SELECT 2 AS ID, 'Subject Consent Page (multiple per Subject)'
Subject Consent Method	Enable Subject Informed Consent Date	=	True	

# Configuration Dependencies

Configuration	Dependency	Operand	Value	Data Source
<b>Vendor Payments</b>				
Vendor Invoice Number Length	Enable Vendor Payments	=	True	
Vendor Invoice Number Prefix	Enable Vendor Payments	=	True	
Vendor Payment Check Number Length	Enable Vendor Payments	=	True	
Vendor Payment Check Number Prefix	Enable Vendor Payments	=	True	
Vendor Payment Number Length	Enable Vendor Payments	=	True	
Vendor Payment Number Prefix	Enable Vendor Payments	=	True
